### Work Order Case Narrative

2302050-01 - Sample contains Aroclors 1242, 1254, and 1260. Aroclors 1254 and 1260 both contribute to the area of several peaks used to calculate their concentrations. The contribution from 1254 to 1260 may result in a high bias for the 1260 result and vice versa. The resulting PCBs, Total result may be biased high as well.
